Sharon re-appears, but only as shady Arnold impersonator. How do you know if you're dealing with a real Arnold or a wannabe? The answer is: you don't. You're usually not going to be able to tell the difference between a real Arnold and a wannabe Arnold. The only way to be sure is to ask the person if they're a real Arnold or a wannabe Arnold. If they say they're a real Arnold, then you're probably dealing with a real Arnold. If they say they're a wannabe Arnold, then you're probably dealing with a wannabe Arnold. This is a classic case of the "Arnold test".
